Little Dolls Paris 2020

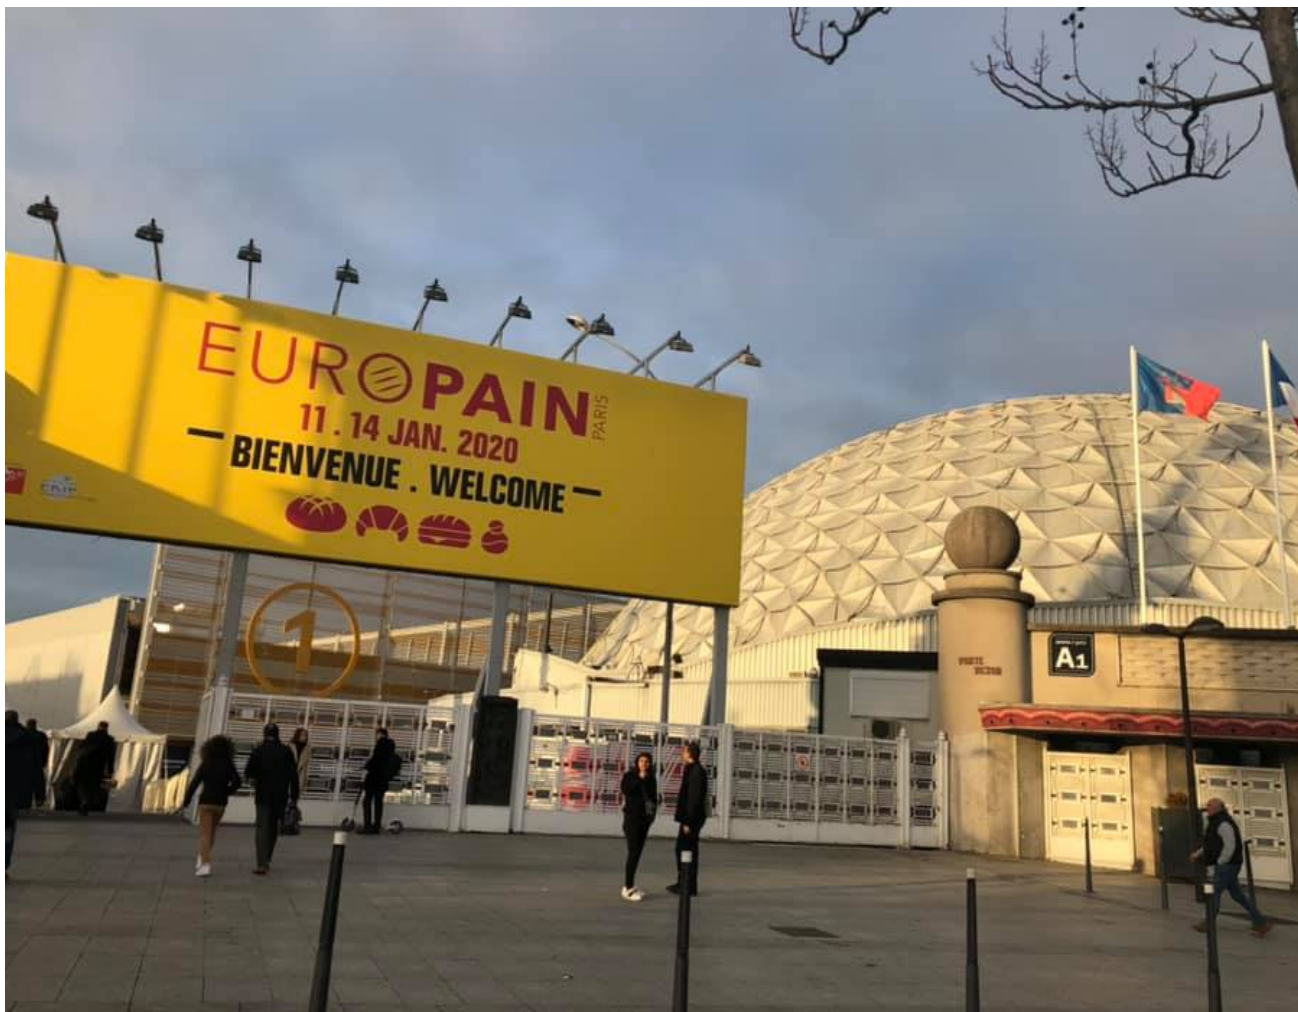

The *Little Dolls* is one of the shows organized by the [Kakemono association](#) (this association is also at the origin of the *Japan Addict* shows). The first editions of the *Little Dolls* fair took place in Strasbourg, this is the fifth edition which takes place in Paris.

Then for this fifth edition, the theme was "A Thousand and One Nights". All dolls were welcome. The room in which the show took place was the same as in previous years, a small room that could only accommodate a maximum of twenty stands. But, the room has its stage and its refreshment bar.

Thank you to all the people who came to share with us their passion for dolls and we are already giving you an appointment next year for a new edition under the theme of: "Pokedolls: catch them all"

A big thank you to the whole team of the [Little Dolls Paris : 6ème édition : Mille et une nuits](#), for maintaining the salon despite the events that affect Paris right now, for their warm welcome and kindness, for the atmosphere that we find every year. This is an important event for us creators, it allows us to meet and meet our audience. We tell you very soon for another living room and a new decoration!!! We're going to have a blast again
